THE BROW FIXX ACADEMY

Lash Lift & Brow Lamination System

Product safety information for Steps 1–3 (Lifting Cream, Setting Lotion, Nourishing Serum) and the Lash & Brow Glue

PROFESSIONAL USE ONLY | EXTERNAL USE ONLY | SINGLE-USE SACHETS | NO ANIMAL TESTING · GMP

About this sheet: A summary of the safety information for the Lash Lift & Brow Lamination System, taken from the product packaging and the manufacturer's product data, for the professionals who use it.

1 The products and what they do

STEP 1

Lifting Cream

A cream applied to the base of the lashes or brows. It breaks down the bonds of the hair so it can be restructured into a new shape.

Active ingredient: Ethanolamine Thioglycolate (CAS 126-97-6)

pH 9–9.5

STEP 2

Setting (Neutralizing) Lotion

A lotion applied in exactly the same place as Step 1. It neutralizes the alkaline lifting cream and sets the new shape.

Active ingredient: Hydrogen Peroxide (CAS 7722-84-1)

pH 6–6.5

STEP 3

Nourishing Serum

The third and final step. It removes any bonding gel or tint residue from the lashes and brows, and conditions them.

Leave-on conditioning step

pH 5–6

Manufacturing: No animal testing. Manufactured in accordance with GMP (Good Manufacturing Practice). pH measured at 25 °C (77 °F).

2 Cautions and warnings

- For use by trained professionals only. Follow the training manual for lash lift and brow lamination technique.
- **May cause an allergic reaction**, especially with repeated use.
- Wear protective gloves.
- Do not use during pregnancy or breast-feeding.
- Stop use if any adverse reaction occurs, since continuing may worsen symptoms.
- **Patch test 48–72 hours before the first application**, and again after a long break between treatments.
- **May irritate the eyes and skin.** Avoid direct contact with the eyes, nose and mouth.
- Do not use if the eyes are injured or infected, or after an allergic reaction.
- Not intended for use on persons under the age of 16.
- Keep out of reach of children.

3 Ingredients

As listed on the product packaging

STEP 1 · LIFTING CREAM

Aqua (Water), **Ethanolamine Thioglycolate**, Monoethanolamine, Urea, Cetyl Alcohol, Glyceryl Stearate, PEG-100 Stearate, Glycerin, Niacinamide, Theobroma Cacao (Cocoa) Seed Butter, Hydrolyzed Silk, Phenoxyethanol, Ethylhexylglycerin, D-Biotin, Parfum (Fragrance), Geraniol, Limonene, Linalool, Butylphenyl Methylpropional.

STEP 2 · SETTING LOTION

Aqua, Cetearyl Alcohol, Ceteareth-20, Paraffinum Liquidum, **Hydrogen Peroxide**, Sodium Salicylate, Parfum, Linalool, Amyl Cinnamal, Hydroxycitronellal.

STEP 3 · NOURISHING SERUM

Aqua (Water), Glycerin, Panthenol, Althaea Officinalis (Marshmallow) Extract, Arnica Montana Extract, Aloe Barbadensis Extract, Prunus Armeniaca (Apricot) Fruit Extract, Rosmarinus Officinalis (Rosemary) Extract, Chamomilla Recutita (Matricaria) Flower Extract, Hydrolyzed Silk, Phenoxyethanol, Ethylhexylglycerin, Sodium Hyaluronate.

For clients with sensitivities: Steps 1 and 2 contain fragrance and fragrance allergens (Step 1: Geraniol, Limonene, Linalool, Butylphenyl Methylpropional. Step 2: Linalool, Amyl Cinnamal, Hydroxycitronellal). Steps 1 and 3 contain silk protein (Hydrolyzed Silk).

KEY INGREDIENTS AND CAS NUMBERS

Ethanolamine Thioglycolate Step 1 · active **126-97-6**	**Monoethanolamine (Ethanolamine)** Step 1 **141-43-5**	**Hydrogen Peroxide** Step 2 · active **7722-84-1**	**Polyvinyl Alcohol** Glue · base **9002-89-5**

4 First aid

Eyes, nose or mouth
Rinse immediately and thoroughly with plenty of lukewarm water (remove contact lenses first). Then see a doctor or eye doctor without delay.

Skin
Wash off immediately with soap and water. If red spots, swelling or irritation occur, stop use and see a doctor or dermatologist.

If swallowed
Do not induce vomiting. Rinse the mouth and drink one to two glasses of water. Call Poison Control (US: 1-800-222-1222) or a doctor.

Tip: When calling a doctor or Poison Control, have the product packaging or label on hand.

5 Spills and fire

Spills

Wipe up with cloths, then clean the rest with water and a regular cleaning product. Wear gloves while cleaning. After larger spills, dispose of the used cloths according to local waste rules.

Fire

All common fire extinguishers are suitable.

6 Handling and storage

Handling

- Massage the sachet immediately before opening.
- Use each sachet immediately after opening.
- Avoid contact with clothing and other fabrics.
- Keep the packaging for future reference.

Storage

- Store in a cool, dry, shaded place below room temperature, between 5 °C and 20 °C (41 °F and 68 °F).
- Keep away from direct sunlight.
- Keep out of reach of children.

7 Personal protection

Wear single-use nitrile or PVC gloves
Wear gloves while handling the products, and keep them away from the eyes and facial skin, as taught in the training manual.

8 Disposal

Sachets are single use: throw the product away after use. Recycle empty outer packaging where facilities allow. Dispose of unused product according to local waste rules.

9 Lash & Brow Glue (Bonding Serum)

Clear, water-based liquid adhesive

12 months after opening

INGREDIENTS

Aqua (Water), Polyvinyl Alcohol, Phenoxyethanol, Ethylhexylglycerin, PEG-40 Hydrogenated Castor Oil, Glycerin.

POSSIBLE EFFECTS

Slightly irritating to the skin. May irritate the eyes. If swallowed, may cause pain, nausea and vomiting.

FIRST AID

Eyes: flush with running water for at least 15 minutes; see a doctor if redness, itching or burning develops. **Skin:** wipe off the excess and wash with soap and water. **Swallowed:** get medical attention immediately.

PROTECTION

Work in a well-ventilated area. Wear gloves and protect the eyes.

SPILLS AND STORAGE

Soak up small spills with an absorbent material and place in a closed container. Store in a dry place, not above room temperature.
